2. You may now only vote via postal vote, as when the postal vote documents were sent a record of this was made in the electoral register.
3. Please read the information on the ballot papers carefully before voting. Translations of the ballot paper information can be found on the German and English website of the Wahlamt (wahlen.fau.de, fau.eu/university/organisation/university-elections/).
4. After you have indicated your votes on the ballot papers, please put them in the **plain voting envelope**. The voting envelope must be **sealed**, otherwise the votes are invalid.
5. Please put the sealed **voting envelope** in the addressed envelope marked **"Wahlbrief"** and seal this envelope. This envelope has your details printed on it (first name and surname, faculty and address) and allows your entry in the electoral register to be checked.

Once your postal vote documents have been returned, a record will be made in the electoral register that you have voted and the voting envelope will be removed. This envelope will then be placed in the ballot box still sealed and counted along with the ballot papers submitted in person at the polling station.

6. Return your postal vote documents by post in good time to ensure that they are received by the Elections Office (Wahlamt)

by 3 pm on 26 June 2019.

Any postal votes received after this deadline will be considered invalid and will **not** be counted.

Please follow these instructions to ensure that your postal vote can be counted.

Kind regards,
Elections Office
